We can offer you a fair deal with advertising. Spending a lot of money on pay per click campaigns with little return? We offer flat rate with 10,000 clicks for as little as £5. For our latest deals please see the Google Checkout store from the home page and scroll if necessary to select "Text links (RF5)". We offer marketing specifically for UK websites looking for exposure across the UK. We target UK customers, and have a network of over 30 websites which generate traffic for you.
